

# Don't Miss Carolina Wildlife Care's 4th Annual Purple Martin Cruise and Release

Join us for a fantastic evening aboard the Southern Patriot on Lake Murray as we cruise towards the largest purple martin sanctuary in North America, Bomb Island. Hundreds of thousands of purple martins circle overhead in what is known as a natural phenomenon that you have to see to believe.

Not only do proceeds from your ticket benefit Carolina Wildlife Care in its efforts to return injured and orphaned wildlife back to its natural environment, but you have the opportunity to witness the rewards firsthand.

Watch and be amazed as five young rehabilitated martins are released that evening to take their very flights into freedom! Be moved as they join the martins beckoning from above and disappear into the swirling cloud of birds that will soon make their long journey to South America.

**Few experiences are as exciting and inspiring as this one!**
